OUTLINE

Sources: Resolution 40 C/99; 217 EX/Decision 13.II.

Background: In response to the request of the Government of Morocco for the designation of the Moroccan International Centre for Artificial Intelligence (Ai Movement) as a centre under the auspices of UNESCO (category 2), a feasibility study was undertaken to evaluate the viability of the proposed centre and relevance of its work to UNESCO's Medium-Term Strategy and Approved Programme and Budget.

Purpose: Following 217 EX/Decision 13.II, the present document contains a draft resolution to grant the above-mentioned centre the status of "centre under the auspices of UNESCO (category 2)". For reference, document 217 EX/13.II describes the proposal, reviews the prerequisites for the establishment of the centre and provides the scientific and institutional rationale behind the proposal of the Government of Morocco, in conformity with the Strategy for category 2 institutes and centres under the auspices of UNESCO (2019) (document 40 C/79) endorsed by the General Conference at its 40th session (40 C/Resolution 99.

Decision required: paragraph 3.

Job: 202304187

Background

1. At its 217th session, the Executive Board examined document 217 EX/13.II concerning the proposal by the Government of Morocco to designate the Moroccan International Centre for Artificial Intelligence (Ai Movement), at the Mohammed VI Polytechnic University (UM6P), as a centre under the auspices of UNESCO (category 2). Having examined the above-mentioned document, which describes the proposal and analyses its feasibility in accordance with the guidelines contained in the Strategy for category 2 institutes and centres under the auspices of UNESCO (2019) (40 C/Resolution 99), the Executive Board welcomed the proposal to place this centre under UNESCO's auspices.

2. The Executive Board subsequently recommended (217 EX/Decision 13.II) that the General Conference, at its 42nd session, approve the Moroccan International Centre for Artificial Intelligence (Ai Movement) as a centre under the auspices of UNESCO (category 2) and that it authorize the Director-General to sign an agreement between UNESCO, the Government of Morocco and the Mohammed VI Polytechnic University (UM6P) concerning the establishment and operation of the centre.
